

MISS MUSTARD SEED'S[®] MilkCoat[™]

INGREDIENTS

Acrylic Copolymer Emulsion, Surfactant, Water, Coalescing Agent, Mica, Dihydroxypropane

HOW TO STORE IT

Store upright, with lid tightly sealed. Keep containers away from excessive heating and freezing.

HOW TO USE IT

Apply with a brush (foam or bristle), lint-free cloth, or damp sponge. One-coat application. MilkCoat[™] dries quickly so a damp applicator is recommended. Soap and Water clean-up.

KEY FEATURES

- Environmentally Friendly
- Water-Based
- Low odor and Low VOC
- Easy to apply - Wipe on single coat application.
- Washable (after 24 hours)
- Soap and Water Clean up.
- Available in Matte/No Sheen, Satin/Low Sheen, and Gloss/High Sheen.
- Suitable for kitchen cabinets, tabletops, window sills, walls, and trim.
- Creates a durable finish for kitchens and bathrooms.

ADDITIONAL TIPS

- Use a damp applicator and maintain a wet edge. Dries extremely fast.
- MilkCoat[™] will slightly wet the MilkPaint[™], which will deepen the shade.
- Can take 30 to 60 minutes to fully dry, depending on the thickness of the application.
- MilkCoat[™] can be used on new or old surfaces, and is an excellent finish over MilkPaint[™].
- Matte is not recommended on black or very dark paints.
- Easily re-apply over worn areas.
- MilkPaint[™] can be applied over MilkCoat[™].
