

MISS MUSTARD SEED'S® MilkOil™ Indoor/ Hemp Seed Oil

INGREDIENTS

100% Natural Hemp Seed Oil

HOW TO STORE IT

Store bottle upright at room temperature, with lid secured. Keep out of direct sunlight.

HOW TO USE IT

Test on an inconspicuous spot prior to using on an entire piece. Apply liberally to surface using a clean lint free cloth or brush. Rub gently until it is absorbed into raw wood or milk painted finish. Buff off excess. For additional sheen and protection, add 2-6 coats. With no solvents, drying time is extended, so allow 2 hours between coats and wipe away excess after 12 hours. Dries in 24 hours. To maintain, apply a light coat every other year as needed. To remove scratches, lightly sand blemish, then reapply oil. Soap and water clean-up.

KEY FEATURES

- 100% Natural
- No VOCs
- Low Earthy Odor
- Food-Contact Safe
- Easy to apply with a brush or lint-free cloth.
- Versatile - can be used on raw or painted wood, porous paints, metal, leather, cast iron, furniture, floors, trims, countertops, etc.
- Sustainably Sourced
- Cures in 30 days.

ADDITIONAL TIPS

- MilkOil™ Indoor/Hemp Seed Oiled pieces may be gently used while curing, but surface may feel oily and leave a residue on direct-contact items.
- Wipe away excess oil to avoid a sticky or tacky surface. If the piece appears blotchy, apply additional coats of oil for even coverage.
- MilkOil™ Indoor/Hemp Seed Oil is not recommended for moisture-prone areas like kitchens and baths.
- Can be used indoors and outdoors. However, we recommend MilkOil™ Outdoor/Tung Oil Blend for increased durability.
